# **Guidance Document for Repak ELT Login**

### Introduction

Welcome to Repak ELT's reference guide to logging into the reporting portal. The aim of this document is to assist users to log in. If you have any questions that are not addressed within this document please get in touch with Repak ELT via the contact details below:

### **Repak ELT contact details:**

P: (01) 4618 600

• E: info@repakelt.ie

• W: www.repakelt.ie

### **New 4 Digit PIN**

Once the login page is displayed you will be asked to input your Username and Password. Remember, this password is case-sensitive. If you forget or misplace your password you can reset by clicking on Forgot Password or PIN? Click here. See page 5 for more details. You can also create a new Password see page 4.

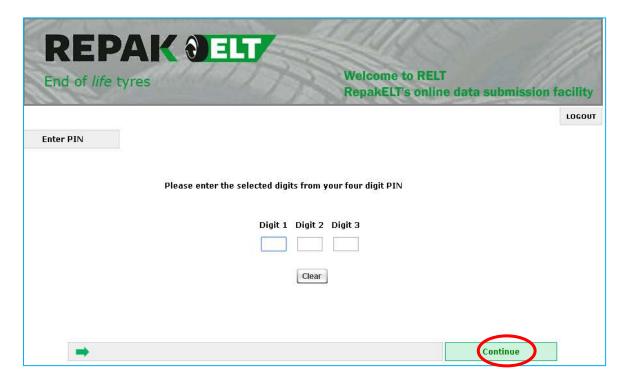

Once you have logged in, the following page will appear. Enter in a 4 digit PIN and click Continue. You will now be logged in to your member account.

New PIN	
	Members must create a 4 digit PIN code for additional security.
I	This PIN is encrypted before being stored and will only be known to the person creating it. If you forget your PIN, you will need to contact RepakELT to allow you to create a new PIN. If you want to change your PIN at any time, just enter the new one and it will overwrite the existing PIN.
Enter	PIN
<b>=</b>	Continue

This PIN code is known only to the user so it is important to take note and keep it somewhere safe and accessible. Repak ELT have no record of your PIN. Should any difficulties arise and you cannot reset the PIN yourself we can reset it back to blank, so you will be asked to re-create a new PIN code the next time you attempt to login.

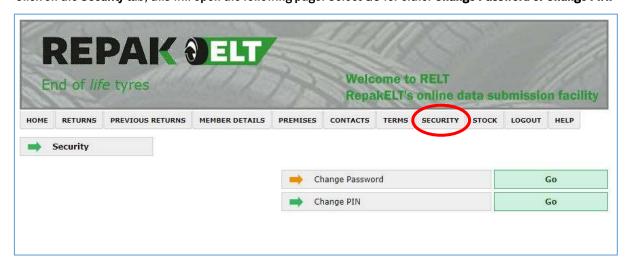

On returning to your member account and after entering your Username and Password, the following page will appear (in place of the old PIN login page). Enter the selected digits from the four digit PIN you created and click Continue on the bottom right hand side.

## Password Reset - when Logged In

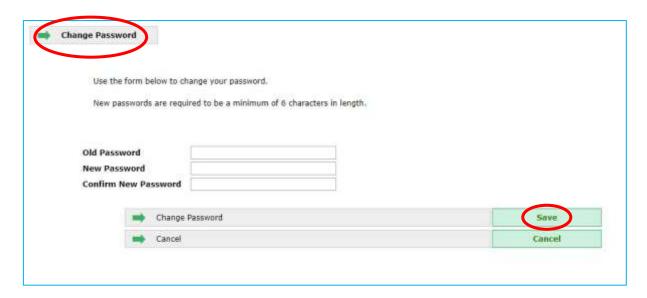

Members can also change the Password and PIN when logged in.

Click on the Security tab, this will open the following page. Select GO for either Change Password or Change PIN.

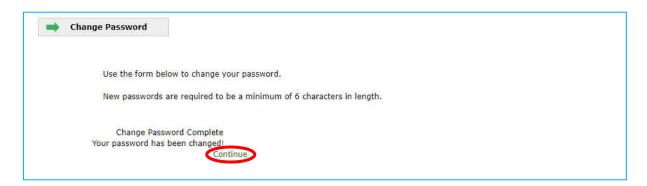

### **Changing Password:**

Enter the old password, the new password and then confirm the new password. Save on the bottom right hand side.

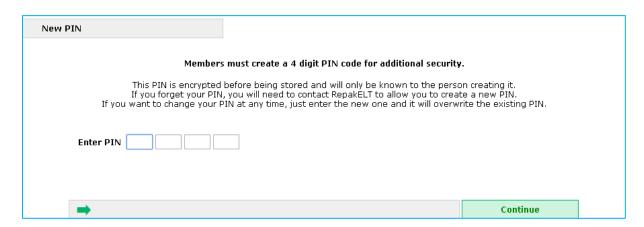

The following page will open, click Continue and you will return to the Security page. Your Password is now rest.

### **Changing PIN:**

Enter in a 4 digit PIN and click Continue on the bottom right hand side. You will then return to the Security page. Your PIN is now reset.

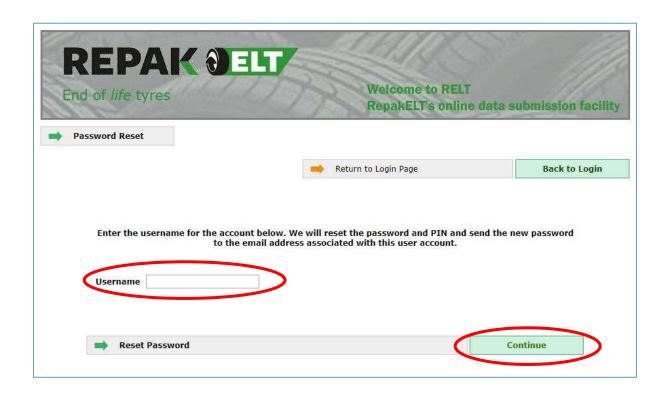

### Password Reset - when locked out

If you forget or misplace your password you can reset on the login page by clicking on Forgot Password or PIN? Click here.

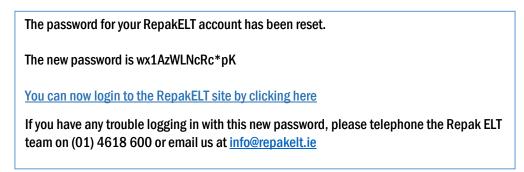

After clicking Forgot Password or PIN? Click here. The Password Reset page will open, fill in your Username and then click Continue on the bottom right hand side.

The below message will appear.

The following is an example of the message sent to member's main contact email address:

If you are not the main contact make sure you can access that email account before resetting. If you require the main contact email to be changed please contact Repak ELT. The new password is provided in the email and can be changed see page 3.

Click on the link in the email 'You can now login to the RepakELT site by clicking here'. This will bring you back to the Login page. Entre your Username and new Password. When the password is reset this will also reset the PIN. You can re-enter a PIN you have previously used.

If you have questions relating to any of this please get in contact with Repak ELT and we will walk you through the process.
